BROUGHT IN HIS HEAD

DESERTER FROM A COLORED
REGIMENT IS KILLED BY
NATIVE SCOUTS.

LED FILIPINOS TWO YEARS

His Commission in the Insurgent
Army Also Recovered—Torres Sen-
tenced by Military Commission to
Be Hanged, but the Finding Is Dis-
approved by Chaffee—Reasonable
Grounds to Doubt Prisoner's Guilt.

Manila, Dec. 9.—Native scouts from Benbagon, province of Nueva Ecija, have killed David Fagin, the American negro deserter from the Twenty-fourth infantry (colored), who for two years has been leading Filipinos against the Americans. The native scouts decapitated their prisoner. The head, however, was identified as that of Fagin. They recovered his commission in the Filipino army. Fagin had on his finger a ring of Frederick Van Alstetter of the engineers, who was captured by Filipinos supposedly under the command of Fagin himself, Oct. 8, 1900. Fagin has been reported killed on several occasions. The authorities are satisfied that former statements of his death were erroneous and that he has now been killed.

A military commission has sentenced the Filipino general, Isidore Torres, to be hanged, after finding him guilty of ordering the assassination of Corporal Fieldner of the Twelfth infantry at Malolos, province of Bulacan, last October. The sentence of the commission has been disapproved by General Chaffee, who finds that the commission had reasonable grounds to doubt whether General Torres personally ordered the assassination of the American soldier. General Chaffee thinks that the high rank held by Torres in the insurgent army would be sufficient to prevent such unmilitary action on his part.

The case of Patterson, the Englishman, private secretary to Sixto Lopez, whom efforts were made to deport from Manila after he had landed there without swearing allegiance to the United States, is still hanging fire before the supreme court. Patterson's attorneys claim that their client, once having landed, was beyond the jurisdiction of W. Morgan Schuster, collector of customs for the Philippines, who has been trying to effect Patterson's expulsion.

THE FILIPINO WASHINGTON.

School Children in the Islands to Celebrate Rizal's Birthday.

Manila, Dec. 9.—Superintendent Atkinson of the public schools of the archipelago has written a letter to Pedro Paterno, the Filipino politician, saying instructions have been given to every school throughout the islands to celebrate annually the birthday of Jose Rizal, the Filipino patriot, who was executed by the Spaniards. The life and history of Rizal will be recited in the schools on this day. Paterno, in a manifesto, has asked for contributions from the scholars, their parents and their teachers to be devoted to constructing the proposed monument to Rizal's memory. Paterno concludes his manifesto saying: "If Rizal, the Filipino Washington, were alive, he would help all Filipino children to gain an education."

PROSPECTS VERY GOOD

BELIEVED THE CANAL TREATY
WILL BE RATIFIED BEFORE
CHRISTMAS.

NO CAPTIOUS OPPOSITION

All the Senators Are Anxious for the
Building of the Big Ditch and Under-
stand That Legislation Is Tied Up
Until Action on the Hay-Pauncetote
Convention Is Taken—Reciprocity
Treaties Go Over.

Washington, Dec. 9.—The only measure of importance which the senate has on its calendar for the present week is the new Hay-Pauncetote treaty, making provision for the abrogation of the Clayton-Bulwer treaty and opening the way for the unobstructed construction of an isthmian canal by the United States. It can be said that at this time the prospect is very strong that the treaty will be ratified, and it now looks as if this result would be secured after comparatively little delay. There will be some debate and some features of the document will be criticised as undesirable, but there is no probability of captious opposition. No senator thus far has shown a disposition to carry his objections to the point of ultimate effort to defeat ratification. The principal authors of the criticism of the treaty are Southern senators, who are, generally, very anxious for the construction of the canal. They find that all canal legislation will be tied up until action can be secured on the treaty, and they are, on this account, less liable than they would otherwise be to do anything to delay action upon the treaty itself. The most active friends of the treaty now claim that ratification will be secured during the present week, and the opinion is very general that ratification will be obtained before the Christmas holidays.

Reciprocity Question Postponed.

Beyond the consideration of the treaty very little business will be undertaken before the holidays in the senate. It is now generally agreed that the question of reciprocity will go over until January, probably without so much as being mentioned, and it may be added that from being for a time the subject most likely to attract early attention it has taken a position among the matters which will not be vigorously urged.

When the reciprocity treaties do come up for consideration there will be persistent opposition to the agreement with France and to that with Great Britain covering the West Indies.

There is not so much feeling over the conventions with South American republics. The present outlook also is against any immediate action in the senate looking to tariff legislation for the Philippines and there are some indications that the senate will wait upon the house of representatives in this matter. Probably the Chinese exclusion act will be reported from committee during the week.

The nomination of Attorney General Knox will be reported at the first executive session, but immediate confirmation probably will be antagonized by some senators.

A PHILIPPINE TARIFF.

House Will Probably Pass a Measure
During the Week.

Washington, Dec. 9.—The house this week probably will pass a measure to meet the situation created by the Philippine decision of the supreme court last Monday. Up to the present time, however, the Republican members of the ways and means committee have not decided upon the character of the measure which will be reported. A difference of opinion exists as to whether there should be a temporary enactment of the Dingley rates on goods entering the United States from the Philippines, or whether a permanent scheme of tariff legislation for the islands should be prepared. It is understood that Mr. Payne, chairman of the committee, and Mr. Dalzell favor the latter course. Of course, if it is decided to enact a temporary measure the procedure will be exceedingly simple and it probably can be passed in a day. If, on the other hand, an entire scheme of tariff legislation is to be enacted more time will be consumed both in the preparation and passage of the measure.

HAVE GOVERNMENT BACKING.

Choctaw Indians Will Eject Cattlemen From Their Ranges.

Ardmore, I. T., Dec. 9.—Prominent cattlemen of the Choctaw Nation will be ejected from the domain, being regarded as intruders by the Choctaw tribal government, and the Indians, it is asserted, have the backing of the interior department.

Many cattlemen who own thousands of head of cattle have been served with ejectment notices. This order has created consternation among cattlemen. The step is being taken for the purpose of allotting grazing land. Heretofore the cattlemen have refused to vacate the lands.

TO AID THE BOERS.

Meeting in Chicago Raises Over \$5,500
for the Reconcentrados.

Chicago, Dec. 9.—A programme of protest against British methods in the South African war was carried out before an immense audience in the Auditorium theater here. Following an eloquent address by W. Bourke Cockran and earnest speeches by others, resolutions condemning the war in South Africa and for the appointment of a committee to bring the sentiments of the meeting before the president were adopted.

Although an admission was charged, the funds being intended to aid the Boers, and especially their women and children, standing room was at a premium and many were unable to gain admittance.

The meeting closed with a remarkable demonstration. Following the speechmaking the great audience roared its approval of the Boer cause, the cheering being long continued, and men contributions were asked for the relief of the stricken women and children in the South African camps. The first response was a check for \$500 by a man who requested that his name be withheld. Then followed checks for \$100, the contributors of this amount being numerous. When smaller sums were asked for money came freely from all parts of the great Auditorium. A large relief fund was raised, the total amount being something over \$5,500.

WILL CURE LOCKJAW.

Pittsburg Physician Discovers a Successful Serum Treatment.

Pittsburg, Dec. 9.—Dr. A. Tetev of the C. L. Magee pathological department of Mercy hospital, has discovered what has every indication of being a successful serum treatment for tetanus, or lockjaw. After a year of patient experimenting on lower animals the doctor within the last three weeks had the opportunity of testing his theory on human subjects, one a middle aged man, a middle aged woman and a boy 10 years of age. According to the physician's statement when these patients were first given the injections of the serum they were violent, being in spasms and convulsions. The treatment soon brought them around and within five or six days they were restored to their former health.

Dr. Tetev does not claim that the treatment will cure every case, but believes that the problem of treating tetanus successfully has been solved.

TWO RAILROAD VICTIMS.

Patrick O'Gara and Louis Benard Are Killed Near Duluth.

Duluth, Dec. 9.—Patrick O'Gara, the Northern Pacific watchman at Smithville, a western suburb of this city, was struck by a Northern Pacific train and received injuries from which he died two hours later. O'Gara was walking on the track in a cut through rock going to work and was caught by the fast train. He was 60 years old and came recently from St. Paul, where his wife and family reside.

Louis Benard, woodsman, was instantly killed by an Iron Range train near Two Harbors during the evening. He started to walk from Two Harbors to a nearby camp, where he was employed, but liquor overcame him and he laid down on the track to sleep. His crushed body and a jug of alcohol was found in the morning. He lived at Saginaw, Mich.

Irish Envoys Hold Their Last Meeting in America.

Providence, R. I., Dec. 9.—The Irish envoys, John E. Redmond, Patrick McHugh and Thomas O'Donnell, addressed an enthusiastic audience of 1,500 people at Infantry hall. The address of Mr. Redmond aroused the greatest enthusiasm. After his description of the suffering of Ireland under its present system of government a meeting of the prominent Irish-Americans was held at which it was decided to form a local branch of the United Irish league and do all that is possible to forward the cause of Ireland's freedom. After this meeting the delegates were tendered a reception. This rally is the last meeting the envoys will attend previous to their departure for Europe.

RECONCENTRATION CAMPS.

British Government Will Bring Forward New Proposals.

London, Dec. 9.—It is reported that when parliament reassembles the British government will bring forward a new proposal in regard to the reconcentration camps in South Africa. It is believed that this proposal will suggest the distribution of the refugees in the settled districts.

According to a dispatch from Brussels to The Standard, Holland has asked the powers to support her in a demand that the people in these camps be brought to Holland.

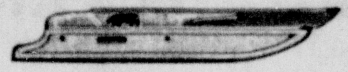

But Steven Still at Large.

Leavenworth, Kan., Dec. 9.—Clark and Barnes, two of the 26 convicts who escaped from the Fort Leavenworth federal prison Nov. 7 during the outbreak, arrived at the prison during the day from Lawton, O. T., in the custody of Deputy Warden Lemon. Clark was one of the leaders of the mutiny and a reward was offered for his arrest. This leaves but seven convicts still at large.

A military commission has sentenced
the Filipino general, Isidore Torres,

Come In And See Us.

Business has increased to such an extent since the DAILY DISPATCH was launched the first of June that it has become necessary to secure more room, and today the business office and editorial department has been installed in room 4, Sleeper block, which has been nicely fitted up for its new tenants. The room is in connection with the mechanical department and faces Front street, the entire half of the second floor now being used by the DISPATCH in connection with the publication of the daily and weekly editions, and the job printing department. We can now boast of as finely an equipped printing establishment as there is in the northwest, with modern machinery, skilled workmen and every facility necessary to an up-to-date print shop. Our patrons are invited to call and see us, the latch string of the office is always out. The entrance to the editorial rooms is next to J. R. Smith's office, room 4, Sleeper block.

OVER at Battle Lake a man fell dead while sawing wood. This is a warning.

THE measure introduced by Congressman Morris looking to the sale of the timber on the Chippewa reservation is being considered with favor and will undoubtedly become a law.

BRainerd has a daily paper, a metropolitan opera house, free mail delivery and now the saloon license has been raised to \$1,000. Things are on the up grade in this busy town.

THE announcement is made that Senator R. B. Brower, of St. Cloud, is to be united in marriage Wednesday at St. Paul to Miss Jennie Hanson, daughter of Secretary of State P. E. Hanson. The DISPATCH extends congratulations in advance.

GOV. VAN SANT is reported to have decided on Jan. 15th as the date on which the special session of the legislature will be called. The report of the tax commission will be considered and also the questions raised by the N. P.-G. N. merger.

SIX candidates are in the field at Duluth for the nomination of mayor, three democrats, two republicans and one socialist. The result will be watched with interest, as it is the first trial under the primary election law in that city.

THE Cass Lake Voice is booming A. L. Cole for the state senate and intimates that that gentleman is not unwilling to accept the honor if conferred upon him. Warren Potter, of Aitkin, is being groomed for the same position by the Grand Rapids Magnet.

LOCAL NEWS NOTES.

J. C. Hessel went to St. Paul last night on business.

A. H. Bennett leaves tonight for Minneapolis and St. Paul on business.

W. Wood returned to Melley this afternoon, after spending Sunday in the city.

C. A. Cooper, chief train dispatcher for the M. & I., left this afternoon for Bemidji.

There will be another rehearsal of the chorus for the Elks' minstrel on Wednesday evening.

L. E. Weaver has just finished digging a fifty-foot well for William Waldorf at Second and Kingwood streets.

The fixtures for the new municipal court rooms in the opera house building are expected to arrive this afternoon from the east.

Jack McCabe was up before his honor Judge Mantor this morning on the charge of drunkenness. He was fined \$7.40 and costs.

The W. C. T. U. will meet tomorrow afternoon at the usual hour at the home of Mrs. Ferris. All members are invited to be present.

J. F. Bartlett, cruiser for the Northern Pacific, arrived in the city Saturday night from Helena, Mont., and will visit for a few days with his family.

There was a hearing this morning in the D. G. Clark case before Judge Mantor, but it was not concluded. The case was continued to Thursday morning at 10 o'clock.

Rev. N. P. Glemaker returned this afternoon from Little Falls, where he yesterday organized a Swedish Methodist church. The new organization starts out with a good membership.

H. Larson is the name of a new clerk who has arrived to take a position with M. K. Swartz at the "Owl" pharmacy. Mr. Larson was formerly with the Eureka drug store, of Minneapolis.

Furs! Furs! Furs!

E. S. Frisbee, representing H. G. Gross, of 106 West Superior street, Duluth, is in the city with a line of furs, from which the people of Brainerd may make a selection. Mr. Frisbee was in Brainerd several weeks ago and exhibited a full line and many orders were taken for made-up garments, collarettes, boas and muffs. All garments and articles sold are subject to the guarantee of the well known H. G. Gross to be absolutely as represented or money refunded, and sold directly from manufacturer to wearer at manufacturer's prices. Exhibit to be made at Mrs. C. Grandmeyer's Millinery Parlors, Monday, Tuesday and Wednesday Dec. 9, 10 and 11.

GENERAL NOT WELL PLEASED.

The State Forest Fire Warden Thinks That Winters, of Milaca, Should Have Been Convicted.

General Andrews, state forest fire warden, was in the city for a short time Saturday afternoon between trains. The general has been at Crow Wing and vicinity looking up some matters connected with his office.

The general seemed pretty well worked up over the way justice has been dealt out at Milaca. It seems that W. T. Winters of that place was arrested at his instance for setting forest fires, but the case was dismissed when it came up for trial. He claims that the evidence against Winters was almost conclusive and he thinks that he should have been convicted.

At the Brainerd Opera House Wednesday evening.

MUSIC AND DRAMA.

Supported by an exceptionally strong company and presenting the most elaborate production of her successful stage career, Eugenie Blair will be seen in this city on Saturday evening, December 14, at the Brainerd Opera House, in "Peg Woffington," a dramatization by Wendell Allison Hobart, of Charles Reade's famous novel of the same name. The story recounts, of course, the incidents in the life of the famous comedienne of the old Theatre Royal, Drury Lane, and paints the famous "Peg" in glowing colors. She is shown as a lovable woman and a great artist. The central theme of the play deals with a love affair between "Peg" and a young country gentleman, "Ernest Vane", who, although married, becomes infatuated with her, and woes her with commendable persistency until his wife suddenly appears on the scene and begs the actress to give her back her husband. "Peg" had not suspected her lover's marriage and the revelation proves to be a great shock, but she nobly rallies from it and succeeds in reuniting the husband and wife. There is a multitude of delightful situations throughout the play and the interest increases with each succeeding act. The dialogue is bright and sparkling, the characters are conceived by a masterhand, and, in a word, the entire play is admirably constructed. Miss Blair in the role of merry "Peg" has scored one of the greatest hits of her career.

LICENSE IS TILTED BY CITY COUNCIL

Resolution Passed By The City Council Saturday Night Raising Saloon License.

Alderman Wright Championed The Cause—City Attorney Says It Is Final.

At the regular meeting of the city council on Saturday evening a resolution was passed raising the saloon license in this city from \$500 to \$1000. This matter has been talked of before but it was not thought that those interested would spring it so soon. Now the question arises whether or not the action of the council is final in the matter, or whether it is up to Mayor Halsted to sign or veto the resolution. The city charter provides that the mayor shall sign an ordinance or resolution passed by the city council, but City Attorney Crowell holds that the action of the council Saturday night is final.

Section 17, of Title III, of the city charter reads as follows on this point:

All ordinances or resolutions shall before they take effect be presented to the mayor, and if he approve thereof he shall sign the same, and such as he shall not sign he shall return to the city council with his objections thereto by depositing the same with the city clerk, to be presented to the city council at their next meeting thereafter. Upon the return of any ordinance or resolution by the mayor, the vote by which the same was passed shall be deemed to have been reconsidered, and the question shall again be put upon the passage of the same, notwithstanding the objection of the mayor, and if upon such vote the city council shall pass the same by a vote of two-thirds of the members of the council it shall have the same effect as if approved by the mayor. If any ordinance or resolution shall not be returned within five days, Sundays excepted, after it shall have been presented to him, the same shall have the same force and effect as if approved by the mayor.

From this it would seem that it is up to the mayor and the outcome will be watched with interest.

There were several applicants for liquor licenses Saturday night but none were granted, the city clerk being instructed to notify the applicants of the action taken by the council.

There has been some intimation at former meetings regarding the raising of saloon licenses in this city, but the matter has never come to a focus until Saturday night, when Alderman Wright, who seemed to be the champion of the cause of high license and who was all cocked and primed for the occasion with statistics and parallel cases, offered a resolution that seemed to astound those who were opposed to raising the license in this city from \$500 to \$1000. The resolution offered for the consideration of the city council by Alderman Wright was in effect that from and after date no licenses for the sale of intoxicating or spirituous liquors be granted unless the application be accompanied by \$1000 instead of \$500 as heretofore. Alderman Wright moved its adoption and his motion

received a prompt second.

This question naturally brought out considerable discussion. Alderman Rowley seemed to be the spokesman against the adoption of the resolution. His remarks were made from the standpoint of the city's financial interests and he thought that it was a pretty serious matter to go ahead and raise the license until a committee had thoroughly sounded the opinions of taxpayers of the city. He claimed that the question of the legality of the matter should be considered and the interpretation of the statutes. The chief point raised in this connection was the population of the city. Mr. Rowley stated that the council would have to be governed by the last census and that this did not give Brainerd 10,000 population. This, however, does not cut any figure with what the council can or cannot do in the premises.

Alderman Wright spoke at length in favor of adoption of the resolution. His was an argument from a moral standpoint and he argued that the amount of drinking and licentiousness in the city was in proportion to the number of saloons and he thought that the time had come when something should be done; that the welfare of the boys of the city was rather to be considered than the financial interests. He believed that the raising of the license would mean the weeding out of some of the objectionable saloons in the city. He thought that this question should not be a matter of dollars and cents to the city, but that the morality of the community should be upheld. "If the city is to be run by whiskey and rude women," said the alderman from the second ward, "then we had better quit." Mr. Wright stated that while he had not interviewed the saloon men of the city personally yet he had it from good authority that many of them were in favor of a \$1,000 license. He stated that there was no question but that there is a certain class of saloons in this city that were being conducted in first class shape and there was really nothing that could be said against the proprietors of these saloons, but there were others that ought to be out of the business. Mr. Wright cited Fergus Falls as a parallel case and added that at the time the matter of making saloon licenses in that city \$1,000 came up, there was a big kick but now that the experiment has been tried the taxpayers and others interested would not have the matter otherwise regulated.

City Attorney Crowell was present and had considerable to say regarding the matter. He stated that he did not see how the city could get along without saloons, and he was sure that the raising of the license

would mean the cutting out of more than two-thirds of the men doing business in this line in the city at the present time. He stated that the taxpayers had declared themselves at the polls and decided that they wanted saloons and there was no getting around it.

Other aldermen expressed their views on the matter. President Crust, of the city council, was agreed with Alderman Wright on the matter, as were also Aldermen Doran, Halladay, Erickson and Fogelstrom. Alderman Halladay stated that he was in favor of giving the matter more serious consideration but at the same time, if the resolution was to be voted on, he would have to vote in favor of its adoption. Alderman Fogelstrom stated that he had had some talk with saloon men and he found many who were in favor of a \$1,000 license.

Mayor Halsted was present at the meeting and in answer to the assertion made by Alderman Wright that he thought it was time that the council quit if it had to run the city on rude women. Mr. Halsted stated that the manner in which these women were fined each month and the revenue turned into the city treasurer went against his grain, but this mode of collecting from them was considered as good as any other procedure and is being practiced in other cities.

A vote on the resolution was finally taken and it resulted in its being adopted, six voting aye and four voting no. Ayes: Halladay, Erickson, Fogelstrom, Doran, Wright and President Crust. Nays: Noes, Gardner, Purdy, Rowley and Koop.

This was the regular monthly meeting of the council and President Crust was in the chair. The aldermen present were: Wright, Doran, Koop, Fogelstrom, Rowley, Erickson, Purdy, Gardner and Halladay.

The report of Clerk F. E. Low, of the municipal court, for the month of November showed 20 arrests made in city cases; 16 paid fines and 4 were committed without paying fines. The amount collected during the month on fines is \$187.65. Seven state cases were commenced and six state cases were settled. The report was accepted and filed.

Superintendent J. Peterson, of the electric light plant, submitted his report for the month of November. The number of lights cut in during the month was 357; number of lights cut out 6; number of arc lamps in use 61. The superintendent reported that all machinery at the power house is in good repair and running satisfactorily. The report was received and placed on file.

Health Officer J. A. Thabes reported ten cases of diphtheria, and two cases of scarlet fever. There are now two cases of diphtheria in quarantine in the city. The report was, on motion, filed.

The committee to which was referred the matter of the application for a liquor license of W. W. Green reported that they had found nothing against the character of Mr. Green and submitted the matter to the entire council. The report was accepted and filed.

Chairman Wright, of the purchasing committee, reported on the matter of securing a hall for Company F. He stated that a proposition had been received from J. W. Koop to

rent his hall to the city for \$300 a year for one night a week. On motion the committee was given further time to report on the matter.

The matter of securing fuel was brought up by Alderman Wright, but no action was taken.

The matter of securing a sleigh for the city fire department was left to the fire and water committee with power to act.

The old-time bugaboo of getting people living within the fire limits to brick veneer their buildings came up again. City Attorney Crowell reported that he had been to see several of these gentlemen and they retorted that the city can go ahead and take legal action if it so chose. On motion of Alderman Wright the matter was referred to the city attorney with power to act.

Clerk Low held a receipt from the city treasurer for \$305, the amount received from the state for fire protection, which is an annual appropriation. On motion, the amount was ordered divided among the different fire companies of the city, as is the usual custom. It was intimated that this money be used toward entertaining the State Fire Association in 1903.

A communication was read from the board of education, asking that a truancy officer be appointed, but the council could not see any good reason to take action, as it thought that the board should provide for this matter.

The report of City Treasurer Linneman for the year ending November 30 was received. The following is a recapitulation:

A communication was read from President Tighe, of the Minnesota Water Works Co. in which he stated that a water gauge had been procured and would be placed at the water works in this city to determine the pressure of the water, but the councilmen thought that they did not care to have a gauge placed at the water works but at the hose house, and therefore on motion, the matter was referred to the water works committee to ascertain what a gauge could be procured for and to report at the next meeting.

Alderman Wright moved that City Engineer Whiteley be instructed to furnish an itemized statement of the expense of paving Seventh street. He thought perhaps that there had been some mistake made, as the price named was very low. The motion carried.

Alderman Wright stated that complaint had been made that Mike Remmels' saloon was not run properly and the matter was referred to the health, sewerage and police committee to investigate.

the board of education asking that a special officer be appointed to look after boys who do not attend school and on motion the city clerk was authorized to notify the board to appoint a committee of three to be present at a meeting of the council to be held on December 16, to confer on this matter.

It was reported by the purchasing committee that the new turbine wheel for the dam would be here by December 15 so that the work of putting it in can be taken up at once after the first of the year.

The question of licensing slot machines came up for consideration Alderman Wright moved that the matter be referred to the health, sewerage and police committee but President Crust would not entertain the motion, as he thought that within the meaning of the provisions of the charter gambling devices could not be licensed. City Attorney Crowell held that the only machines, such as music boxes, could be licensed.

The matter of furnishing an armory for Company F. came up for further discussion. Alderman Wright opposed the proposition to furnish the company with an armory and stated that he could not see wherein the city was benefitted; that it was a matter that the state was interested in at large and that the state should pay a proportion of the expense. He held that it was not legal. He also stated that he did not think that the militia company ever did any young man any good.

Alderman Rowley went after the alderman from the Second ward on this score and told him point blank that he was not up on military tactics or he would not talk that way. He further stated that the attorney general had held that the city, where a company has secured its regular credentials, was required to furnish an armory. On motion the city clerk was instructed to write Attorney General Douglas for an opinion on this matter.

LICENSE IS TILTED BY CITY COUNCIL

Resolution Passed By The City Council Saturday Night Raising Saloon License.

Alderman Wright Championed The Cause—City Attorney Says It Is Final.

At the regular meeting of the city council on Saturday evening a resolution was passed raising the saloon license in this city from \$500 to \$1000. This matter has been talked of before but it was not thought that those interested would spring it so soon. Now the question arises whether or not the action of the council is final in the matter, or whether it is up to Mayor Halsted to sign or veto the resolution. The city charter provides that the mayor shall sign an ordinance or resolution passed by the city council, but City Attorney Crowell holds that the action of the council Saturday night is final.

Section 17, of Title III, of the city charter reads as follows on this point: All ordinances or resolutions shall before they take effect be presented to the mayor, and if he approve thereof he shall sign the same, and such as he shall not sign he shall return to the city council with his objections thereto by depositing the same with the city clerk, to be presented to the city council at their next meeting thereafter. Upon the return of any ordinance or resolution by the mayor, the vote by which the same was passed shall be deemed to have been reconsidered, and the question shall again be put upon the passage of the same, notwithstanding the objection of the mayor, and if upon such vote the city council shall pass the same by a vote of two-thirds of the members of the council it shall have the same effect as if approved by the mayor. If any ordinance or resolution shall not be returned within five days, Sundays excepted, after it shall have been presented to him, the same shall have the same force and effect as if approved by the mayor.

From this it would seem that it is up to the mayor and the outcome will be watched with interest.

There were several applicants for liquor licenses Saturday night but none were granted, the city clerk being instructed to notify the applicants of the action taken by the council.

There has been some intimation at former meetings regarding the raising of saloon licenses in this city, but the matter has never come to a focus until Saturday night, when Alderman Wright, who seemed to be the champion of the cause of high license and who was all cocked and primed for the occasion with statistics and parallel cases, offered a resolution that seemed to astound those who were opposed to raising the license in this city from \$500 to \$1000. The resolution offered for the consideration of the city council by Alderman Wright was in effect that from and after date no licenses for the sale of intoxicating or spirituous liquors be granted unless the application be accompanied by \$1000 instead of \$500 as heretofore. Alderman Wright moved its adoption and his motion

received a prompt second.

This question naturally brought out considerable discussion. Alderman Rowley seemed to be the spokesman against the adoption of the resolution. His remarks were made from the standpoint of the city's financial interests and he thought that it was a pretty serious matter to go ahead and raise the license until a committee had thoroughly sounded the opinions of taxpayers of the city. He claimed that the question of the legality of the matter should be considered and the interpretation of the statutes. The chief point raised in this connection was the population of the city. Mr. Rowley stated that the council would have to be governed by the last census and that this did not give Brainerd 10,000 population. This, however, does not cut any figure with what the council can or cannot do in the premises.

Alderman Wright spoke at length in favor of adoption of the resolution. His was an argument from a moral standpoint and he argued that the amount of drinking and licentiousness in the city was in proportion to the number of saloons and he thought that the time had come when something should be done; that the welfare of the boys of the city was rather to be considered than the financial interests. He believed that the raising of the license would mean the weeding out of some of the objectionable saloons in the city. He thought that this question should not be a matter of dollars and cents to the city, but that the morality of the community should be upheld. "If the city is to be run by whiskey and rude women," said the alderman from the second ward, "then we had better quit." Mr. Wright stated that while he had not interviewed the saloon men of the city personally yet he had it from good authority that many of them were in favor of a \$1,000 license. He stated that there was no question but that there is a certain class of saloons in this city that were being conducted in first class shape and there was really nothing that could be said against the proprietors of these saloons, but there were others that ought to be out of the business. Mr. Wright cited Fergus Falls as a parallel case and added that at the time the matter of making saloon licenses in that city \$1,000 came up, there was a big kick but now that the experiment has been tried the taxpayers and others interested would not have the matter otherwise regulated.

WILL ALLOW NO APPEAL

LAW TO COMPEL ARBITRATION OF LABOR DISPUTES IN NEW SOUTH WALES.

DECISION OF COURT FINAL

To Have Most Extensive Powers. Including the Declaration of a Standard Wage and Obliging the Employer to Give Preference to Union Labor—Strike or Lockout Pending Reference a Misdemeanor.

Sydney, N. S. W., Dec. 9.—By the passage of the industrial arbitration bill through its final stage the government has placed a law upon the statute books the working of which will excite interest throughout the world.

This bill not only compels reference of all disputes between employers and employees to a competent court with power to enforce its orders and award, but makes a strike or a lockout before or pending such reference a misdemeanor punishable by a fine or imprisonment.

The court which will pass upon these disputes is to be presided over by a judge of the supreme court and will have most extensive powers, including the power to declare a standard wage and to direct that, other things being equal, an employer shall give preference to unionist over non-union labor. There is no appeal from the decisions of this court.

PREVENT LABOR TROUBLES.

Civic Federation Would Promote Conciliation and Arbitration.

New York, Dec. 9.—The National Civic federation announces that the first annual session of the federation's industrial department will be held Dec. 16 and 17 in the rooms of the New York board of trade and transportation. The special object of the industrial department is to attempt to federate the interests of the large employing corporations and associations, the leaders of the large labor organizations and representatives from the general public to the effect to establish a policy of conciliation and voluntary arbitration as the best methods to prevent strikes and lockouts. The principles proposed to be discussed are: "The Effect of Machinery on Labor," "The Shorter Hour Movement," and "The Joint Agreement Method of Preventing Strikes and Lockouts." A permanent executive board will also be established. Among the large corporations the American Federation of Labor, the railway brotherhoods and business men who are interested in labor questions are expected to participate.

THREW DOWN THE GAUNTLET.

British Columbia Mine Workers Decide to Amalgamate.

Nanaimo, B. C., Dec. 9.—The miners of Extension, Alexandria and Nanaimo, in a mass meeting here, practically threw down the gauntlet to Hon. James Dunsmuir, president of the Wellington Colliery company, by voting for the amalgamation of the underground workers of the three collieries. Mr. Dunsmuir, it is said, has declared that he will close his mines rather than recognize any union which includes the Nanaimo men. The executive committee of the three organizations has been empowered to draft articles of affiliation. It is quite possible that the Extension men will lay down their tools in sympathy. Trouble is feared.

OFFICERS ARE BEATEN.

Scranton (Pa.) Street Car Strike Sympathizers Getting Riotous.

Scranton, Pa., Dec. 9.—At 10 p. m. an attempt was made by three deputies to arrest boys who were stoning cars on South Main avenue manned by non-union men. A big crowd set upon the officers and in the face of flying bullets overpowered them and beat them severely. Two of them, S. F. Cosgrove and B. T. Reilly, are in the hospital.

At 6 o'clock a crowd set upon five deputies who attempted the arrest of stone throwers and after taking their prisoners away put them in retreat with a fusillade of stones and bricks. The deputies returned with reinforcements, but the mob had dispersed.

NEW YEAR'S PRESENT.

Armour & Co. Will Advance the Wages of Ten Thousand Men.

Chicago, Dec. 9.—More than 10,000 employees of Armour & Co. have received notice that they would have an increase in their salaries the first of the year. Many of the older employees of the big packing plant are to receive bonuses in addition to increased pay. Secretary C. F. Langdon said that there was nothing extraordinary in the step, as it had been the rule of the company to make an improvement in the salaries of the employees every year. Armour & Co. employ between 20,000 and 30,000 men.

British Trade is Shrinking.

London, Dec. 9.—The British board of trade returns for the month of November show that imports have decreased by £2,923,000 and exports by £1,782,000. For the first 11 months of the current year imports have decreased by £1,769,000 and exports by £11,634,000 in comparison with the corresponding period last year.

Aged Man and Wife Fall Dead.

Freemont, Neb., Dec. 9.—Isaac H. Brown and wife dropped dead within half an hour of each other. They were old residents. Both were in good health at supper time. Mrs. Brown died suddenly at 9:30 and less than half an hour later her husband expired.

A SATISFACTORY TEST.

Trial of a New Pneumatic Dynamite Gun at Hilton Head, S. C.

Savannah, Ga., Dec. 9.—The test of the new pneumatic dynamite gun at Hilton Head, S. C., under the auspices of a board of army officers, is believed to have been satisfactory. Major Ira McNutt of the ordnance department was chief officer of the board. The gun is at the entrance to Port Royal harbor, which it commands. It was shown that the gun has a range of 6,000 yards. Eight projectiles loaded with explosive gelatine were fired. Six of them exploded upon impact and threw columns of water into the air. Two were fixed with time fuses. If they were exploded it was at such a depth under water that there was not any disturbance discernible. The explosive charges ranged from 50 to 20 pounds of nitro-gelatin. Five dummies were fired to test speed. The government required that they should be discharged in 20 minutes. The time taken to fire them was 10½ minutes. Forty dummies of 1,180 pounds each were then fired as endurance tests. There was no hitch.

MINISTER WITTE ANSWERED.

Is Informed Why Russia Consumes So Much Foreign Steel.

St. Petersburg, Dec. 9.—The telegraphic inquiry of Minister Witte why Russia continues to consume so much foreign steel products and coals, is answered as follows by The Kharkoff Governor: "Vedomosti":

"Candor compels us to admit that it is because we industrially have little knowledge and less science, little money, but a great appetite. We bought land regardless of price, we erected fancy factories, we have been paying our officers insanely extravagantly fees. We have made enough, but we have laid nothing by for the rainy day which has inevitably arrived. We have engaged, some of us, in the riskiest and most reckless stock exchange manipulations; we have borrowed money anywhere and everywhere at any price. We have enjoyed government support for 20 years and have an insatiable appetite for more, and we admit we cannot even hold the domestic market in spite of tremendous import duties."

KILLED THE PREACHER.

Rev. Bradford of Brookside, Ala., Shot by a Justice of the Peace.

Brookside, Ala., Dec. 9.—The Rev. J. W. Bradford, Methodist minister at this place, was shot by H. D. Coffman, justice of the peace, Sunday afternoon and died two hours later. There were no witnesses to the tragedy.

The Rev. Mr. Bradford had been returned here as Methodist minister for another year. While at Sunday school in the morning the Rev. Mr. Bradford called attention to this fact and remarked that he hoped all the relations between himself and his congregation would be pleasant, adding, it is, alleged, that their relations would be pleasant if they could stop such men as Coffman from lying about him and the church.

Coffman was once a member of the Rev. Mr. Bradford's church, but had been expelled on some charge.

Coffman surrendered to Deputy Sheriff Armstrong. A warrant has been sworn out charging Coffman with murder.

ANOTHER GOEBEL SUSPECT.

Berry Howard, a Fugitive for Over a Year, Now in Jail.

Frankfort, Ky., Dec. 9.—Sheriff Broughton of Bell county, accompanied by three deputies, arrived here during the day, having in charge Berry Howard of Bell county, who was indicted for complicity in the murder of William Goebel and who has been a fugitive for more than a year. He turned his prisoner over to Jailer Lawrence of this county and Howard was assigned quarters in the jail with Caleb Powers and James Howard, a relative, charged with the same crime. Howard protests his innocence and says that he became a fugitive in the mountain section only because he did not want to lie in jail here. He will ask for an immediate hearing and if this is denied that he be released on bond.

Howard represented the counties of Bell, Harlan, Pery and Leslie in the general assembly in 1891-2 and 1893 as a Democrat when Goebel represented Kenton county.

KNOCKED INTO THE RIVER.

Milwaukee Railroad Brakeman's Head Smashed by a Bridge.

La Crosse, Wis., Dec. 9.—While a Milwaukee train was crossing the Black river drawbridge about 8 a. m., George Mink, a brakeman, residing in Winona, Minn., was knocked from the top of the furniture car into the river 50 feet below and all efforts to recover his dead body have been fruitless. He was missed at River Junction and a switch engine from this city was ordered to the scene. The top of the car upon which he stood was splattered with blood, as was the bridge which he struck in the fall to death. His cap was found on the bridge smeared with blood. During recent repairs on the bridge the guard ropes at the entrance have been removed.

WONDERFUL CAVERN FOUND.

Largest Cave Known Discovered Fifty Miles East of Butte, Mon.

Butte, Mon., Dec. 9.—A new and wonderful natural cave, believed to be one of the largest known, has just been discovered in the canon of the Jefferson, on the line of the Northern Pacific railway, about 50 miles east of Butte. An exploration party from Butte spent several days in the cave, going over an area of 10 miles and to a depth of nearly 1,000 feet. A large river with a cataract of about 100 feet was explored for a distance of several miles without discovering its source or outlet. A few articles of stone and copper utensils and some bones, believed to be human bones, were also found in one of the large apartments of the cave. There were other evidences that at some time in a prehistoric period the cave was inhabited. It is believed that an earthquake closed the entrance to the cave and killed its inhabitants. The formation of stalactite and other natural decorations throughout the cave are most beautiful.

NO INFORMATION OBTAINABLE.

Impossible to Confirm the Reported Death of Major Van Tets.

Amsterdam, Dec. 9.—It is impossible to obtain confirmation of the reported death of Major Van Tets, aide to Queen Wilhelmina, who is said to have fought and been wounded in a duel with Prince Henry, the queen's consort. The Amsterdam Telegraf asserts Major Van Tets passed a quiet night, that Professor Narath has performed an operation upon him and is satisfied with his patient's condition. At the hospital in Utrecht, however, and in official circles, no information on this matter is obtainable.

Denver, Dec. 9.—The Post says that all federal officeholders in the state have received an order from President Roosevelt to resign whatever positions they hold in political organizations. C. L. Ford, register of the United States land office, is chairman of the state Republican committee, and a dozen other federal officeholders are committeemen in the Republican party.

Says Duelling is Doomed.

London, Dec. 9.—A dispatch to The Times from Vienna declares that as a result of the recent appeal to the public to take the matter in hand duelling in Austria-Hungary is doomed. This protest against duelling was signed by influential people, as well as by those of lower grades. All Austrian society was represented by it. A similar movement is on foot in Germany.

Thirty-nine Prisoners Escape.

Birmingham, Ala., Dec. 9.—Thirty-nine prisoners, serving sentences for minor crimes, escaped from the South Side city jail between 3 and 4 o'clock p. m. by digging through a 16-inch brick wall with pocket knives. Five of those who escaped were captured.

WILL ALLOW NO APPEAL

LAW TO COMPEL ARBITRATION OF LABOR DISPUTES IN NEW SOUTH WALES.

DECISION OF COURT FINAL

To Have Most Extensive Powers, Including the Declaration of a Standard Wage and Obliging the Employer to Give Preference to Union Labor—Strike or Lockout Pending Reference a Misdemeanor.

Sydney, N. S. W., Dec. 9.—By the passage of the industrial arbitration bill through its final stage the government has placed a law upon the statute books the working of which will excite interest throughout the world.

This bill not only compels reference of all disputes between employers and employees to a competent court with power to enforce its orders and award, but makes a strike or a lockout before or pending such reference a misdemeanor punishable by a fine or imprisonment.

The court which will pass upon these disputes is to be presided over by a judge of the supreme court and will have most extensive powers, including the power to declare a standard wage and to direct that, other things being equal, an employer shall give preference to unionist over non-union labor. There is no appeal from the decisions of this court.

PREVENT LABOR TROUBLES.

Civic Federation Would Promote Conciliation and Arbitration.

New York, Dec. 9.—The National Civic Federation announces that the first annual session of the federation's industrial department will be held Dec. 16 and 17 in the rooms of the New York board of trade and transportation. The special object of the industrial department is to attempt to federate the interests of the large employing corporations and associations, the leaders of the large labor organizations and representatives from the general public to the effect to establish a policy of conciliation and voluntary arbitration as the best methods to prevent strikes and lockouts. The principles proposed to be discussed are: "The Effect of Machinery on Labor," "The Shorter Hour Movement," and "The Joint Agreement Method of Preventing Strikes and Lockouts." A permanent executive board will also be established. Among the large corporations the American Federation of Labor, the railway brotherhoods and business men who are interested in labor questions are expected to participate.

THREW DOWN THE GAUNTLET.

British Columbia Mine Workers Decide to Amalgamate.

Nanaimo, B. C., Dec. 9.—The miners of Extension, Alexandria and Nanaimo, in a mass meeting here, practically threw down the gauntlet to Hon. James Dunsmuir, president of the Wellington Colliery company, by voting for the amalgamation of the underground workers of the three collieries. Mr. Dunsmuir, it is said, has declared that he will close his mines rather than recognize any union which includes the Nanaimo men. The executive committee of the three organizations has been empowered to draft the articles of affiliation. It is quite possible that the Extension men will lay down their tools in sympathy. Trouble is feared.
